of Trades dated 26th
April 1890 No 42.

In this Case Mr was
suspended ~~dismissed~~ for having
failed to maintain 2 sets
of Bullocks for the use
of travellers.—

I think it is very
hard to compel a
Village Mr to keep
Bullocks for the use of
travellers. His legitimate
duty is to supply
bullocks if they cannot
be had in the village for
hire, & not to maintain
bullocks at his own
expense.— If the
Govt wish to help
travellers in each
out of way localities

V/

Where bullocks cannot be had, Contractors must be employed & they may be paid pro rata by Govt., all payments to made by bullocks being credited to Govt. any loss that may arise by the employment of Contractors must be borne by Govt.

I would ask the Dr leave to invite Contractors in all places where bullocks cannot be easily had & report the matter for orders.—

Meanwhile, as the Dr proposes to supply bullocks, he may be referred.—

Ref for the orders of the Darwan, as this involves a general question.—

payments for the supply of dāk-bullocks in the Mahaad, the charges collected from travellers being credited to Government.

2. The Deputy Commr reports, that it would be a loss to Government to employ Contractors on fixed payments, as the amount of charges collected from Travellers would be small, when compared with the rate demanded by Contractors which would vary from 10 to 25 Rs per mensem, and submits it, as his opinion, that Patils of villages near the roads frequented by travellers should be employed to supply dāk bullocks and that this should be made a stipulation in the Sanaad granted

The Deputy Commissioner further recommends that an extra allowance of Rs: 20/- might be added to their Potgi, such allowance to the Patéls of villages near the roads frequented by travellers in his District, amounting to Rs: 600, and that advances of from Rs: 100 to Rs: 150/- be made to such of the Patéls as require to purchase bullocks, the money being lent to them on proper security, returnable within a year, failing which it might be recovered as a revenue demand. The Deputy Commissioner's suggestion to make a stipulation in the Sanads granted to Patéls for the supply of dak bullocks is one, which it would be impolitic to carry out, and that the proposal

for

extra allowance under the said rule has been fixed, reports that, in accordance with the suggestions made by the then Deputy Commr, the Patels of the marginally noted villages have been given the extra allowance above referred to; but from the statement received from the Deputy Commissioner, the names of only 2 Patels are shewn as being the recipients of this extra allowance, one at Rs: 10 and the other at Rs: 15. It is therefore not clear why the said allowance has been discontinued in the case of the other Patels. A further report on this point should be submitted by the Deputy Commr.

Subject.

The supply of dak bullocks to travellers in the Malnad.

In October 1889 Gurumalliah, patel of the Hirigonja village in the Chickmagalur Taluk was suspended by the Deputy Commissioner of Kadur for having failed to supply dak bullocks.

2. On his appeal to Government, the patel

to his office and the

Deputy Commissioner

of Kadur was re-

quested in this office

which should bear any loss arising there-from.

Vide Serial No: 12 Sec: II.

3. The Deputy Commissioner reports that Government would incur heavy loss by employing contractors on fixed payments to undertake the supply of dak bullocks, as the amount of charges collected from travellers would be very small, when compared with the rate demanded by contractors which is from Rs. 10 to Rs. 25 per mensem. The Deputy

Deputy Commissioner
thinks that Patels
of villages near the
roads frequented by
travellers should
be employed to supply
dak bullocks and
that this should be
made a stipulation
in the Sannads grant-
ed to them.

4. The Deputy Commr
also recommends that
an extra allowance
of Rs. 20/- may be added
to their Polgi, such
allowance to the Patels
of villages near the

roads frequented by travellers in the Kadur District amounting to Rs. 600—0—0. The Deputy Commissioner further suggests that advances of from Rs. 100/- to Rs. 150/- may be made to such of the Patels as require to buy cow bullocks, the advances being made on proper security, returnable within a year, failing which they may be recovered as a revenue demand. Mr Sparkes adds that the charges collected

collected from travellers
should be safely delivered
to the owners of the
bullocks by the Amil-
dar of the Taluq
concerned, to whom
travellers should re-
-mit their charges
before they travel and
that proper vouchers
should be secured
from the owners of
bullocks by the Amil-
dar who should be
responsible for the
safe delivery of
the charges to them

5. There are no instances in the old records in which such advances for buying bullocks were made, though in the case of the Patels of the villages between Shimoga and the Gársoppa falls, an order was issued to make advances of Rs 100-0-0 to each of the Patels, but as they refused to accept the money on the conditions then stipulated by

by the Government, the matter was deferred for reconsideration on some suitable occasion

6. In the case of the Patels of Lak-valli and Vastara who were recommend-ed by the Deputy Commissioner of Karwar to be granted an ad-vance of Rs. 100/- each, the advance was not made.

To

The Secretary to the

Government of Mysore,

General and Revenue Departments.

Sir,

With reference to your official memorandum No. 12174 / d.7.405-92, dated 26th April 1899, regarding the continuance of the annual allowance of Rs 100/- to the Sri Baneswara temple which was hitherto getting the same from the ferry collections at Manchenahalli, Yedatore Taluk, I have the honor to state that, as the ferry at that place has since been abolished, I do not think the temple can with any justice claim the payment of the said allowance from the toll collections. The temple can claim the allowance only so long as the ferry was in

existence, but now that a bridge has been constructed and the ferry consequently abolished, the right of the temple to receive the allowance in question should be considered to have also ceased.

2. It is stated in your memorandum under advertence that the temple is not a recognised Muzrai Institution, but from the Registers of this office I find that it is a Muzrai Institution receiving a Ready Money Grant of Rs 11-10-0 a year from the Government. But this does not in any way affect the question at issue.
